MAINSTREAM COALITION WANTS MOORE

Moderate, pro-education group backs Dennis Moore for re-election

"This is the same group that endorsed the most popular and well-respected Governor in the State of Kansas, Republican Bill Graves. This organization endorsed an additional twenty-six other Republicans for state and local offices..."

-- *Taff campaign manager Brent Doane, referring to Mainstream Coalition Taff for Congress Update, July 16, 2002*

(LENEXA, KS) "A local group of moderate Republicans, Democrats, and independents today announced its continued support for Congressman Dennis Moore's work in Congress, as the Mainstream Coalition PAC listed him as its choice for Third District Kansas Congressman.

Newsletters

"I've worked hard to represent moderate, mainstream values in Congress. I don't vote for Democratic ideas or Republican ideas, I vote for good ideas, and the continued support of a well-respected group such as Mainstream Coalition is proof of that," Moore said.

11/7/2002

Moore's "proven voting record" was noted as one of the reasons the group endorsed Moore in the general election, rather than his opponent. Some of the pro-education votes he has cast include his support for the President's education reform bill and votes to give local schools the funds they were promised by the federal government.

Moore also has written legislation that would help reduce the teacher shortage by forgiving up to \$10,000 in student loans for students who teach in low-income areas or in schools with teacher shortages.

"When voters look at my record, I'm confident they'll see that I'm representing the best interests of Kansans, not one political party or another," Moore said. "I'm working hard to represent Kansas values in Congress and recognition of that from a group like Mainstream means a lot to me."

MAIN*PAC is the political arm of the Mainstream Coalition, which describes itself as a "non-partisan, non-sectarian coalition of members and leaders of the business, civic, political and religious communities" that is working to preserve traditional American values such as freedom of religion and speech, individual rights, the importance of the family, and public education.
